- Management of the association's youth group for sports and dance
- Conducting Roma music lessons
- Project "I kojnha le Romendar – Die Küche der Roma" [Roma cuisine]
- Event-related cultural programme
- (**NB:** Due to the implementation of the project for the textualisation, codification and didactical analysis, which was most important for the preservation of the national minority language Burgenlandroman, it was for the first time possible to publish association magazines in Burgenlandroman or bilingually and to provide Burgenlandroman classes. The appraisal of existing Roma legends and fairy tales led to Roman-bilingual publication of fairy tale books and subsequently to an open-air performance of the Roma theatre play "The Black Empress". Moreover, a bible for children in Burgenlandroman was developed in an inter-cultural manner (i.e. by Roma children and their school mates with their religion and arts teacher). The preparation of teaching and learning materials in Burgenlandroman started also the use of Burgenlandroman in modern social media.
